

## Dive lights BPF03 manual

### Specifications:

LED: Luminus SFT40 2000 lm

CCT: 6000k

LED life: 50000 H

Beam Angle: 11°

Battery: 1\*21700(5000mah)

Working voltage: 3.7V

Light mode: high(2000lm), mid(1000lm), low(500lm), SOS

High 120 minutes/mid 240minutes/low 360minutes

Charing time: 120 minutes

Switch: Push

Battery indicator: green light 100-70%, red light 30-5%, flashing red light 5%-0

Material: T6061 aircraft grade aluminum

Waterproof: 150m

Weight (with the battery) :250g

Applicable environmental temperature: -20° C- 50° C

Size: 150\*40 \*27mm

### Notice:

**On/off: Open or off need to push the button by 2 seconds, cycle operation for the button, from high to low gear order**
